

# Technology

*What use of technology enables sustainable play?*

... Respect players resources: old hardware / slow (no) internet / battery life oft mobile devices

... Use Technological limitations as a creative challenge not as a limiting hurdle

... Open Source (sustainable use / lower footprint<sup>1)</sup> / share / long time support<sup>2)</sup>)

... Footprint (rethink use of hardware / software)

... optimization (eco-mode) / graphic sobriety ([Optimierungs-Tipps](#))

... Tools / Platforms (DRMs / dependencies)
